### **I N T E R N E T**

Craigslist <http://pennstate.craigslist.org>  
Items: apartments, cars, furniture, computers, tickets, jobs, almost anything  
Cost: zero cost to buy or sell items. Not like eBay. No bidding. Plus you physically go to the seller and pay cash (never pay any other way). The seller may bring it to you. If the sale is not in person, it is a spammer seeking to steal from you.

[www.statecollege.com](http://www.statecollege.com) -- a lot of local info. A lot more than just things for sale  
<http://www.statecollege.com/classifieds> -- similar to Craigslist

[www.FreeCycle.com](http://www.FreeCycle.com) – giving away items. Never selling anything. You must register first.
